

GOVERNMENT UNION IS SEEN IN LEAGUE

International Socialists Say Proposed Pact Is One of Executives Rather Than of People.

TREATY IS ALSO ASSAILED

Limitation of Germany Armament Without Affecting Other Nations Is Attacked.

PARIS, Monday, May 12.—The league of nations covenant was described as a league of governments and executives rather than of peoples and parliaments, in a statement issued by international socialists tonight, criticizing the peace terms and the covenant. It is declared that the covenant seems to be the instrument of a victorious coalition dominated by five great powers rather than an organ of international justice on which all nations ought to find a peace.

The statement is signed by the following socialists who were appointed by the Bernese labor socialist conference to make a study of the covenant and the treaty:

Hjalmar Branting, Sweden; Camille Huysmans, Belgium; Arthur Henderson, J. Ramsay MacDonald and G. H. Stuart, England; and Pierre Renaudel, France.

Failure to include Germany and Russia in the league of nations, the statement insists must be righted speedily if the league is to be made effective for preventing war.

The limitation of German armament without application of restriction to other nations, also is criticized, and the attention of the labor world is called to the danger resulting from the establishment of the boundaries of Poland, which it is said, does violence to the rights of the people to choose their political allegiance, and by separating German states into two separate parts. These things are said to create a danger which will remain a source of trouble and of ill will.

The cautious handling over of Shanghai, with its resources and 4,000,000 to 5,000,000 Chinese to Japanese economic control, cannot be passed over in silence, the statement says.

Regarding the Saar valley, the statement recognizes the justice of Germany being obliged to furnish France and Belgium with coal and compensation for the destruction of mines, but utters a suspicion that the arrangements for the administration of the district conceal aims for dismemberment.

The disposal of the German colonies is regarded by the socialists as imperialism satisfying itself with the spoils of war.

The statement concludes: "This peace is not our peace. The nations are still menaced by the policy of the victors in sharing the spoils without thought of the inevitable consequences."

Pinkham's Sanative Wash, and I got better right away and was soon a new woman and could work hard, and I can recommend the remedies to other young mothers who are weak and ailing as I was."

CAN A WOMAN LOVE A SENTIMENT MORE THAN SHE CAN A MAN?

BEAUTIFUL DOLORES CASSINELLI AND HANDSOME E. K. LINCOLN.

It takes a superb confidence to cut adrift from the conventional treatment of the love theme in a motion picture especially in these material days when a large sum of money is involved in the enterprise. But that is what Leonore Perret has done in creating and endowing with charm of sentiment and scene the cinematic masterpiece, "The Unknown Love," with Dolores Cassinelli and E. K. Lincoln, which comes to the Majestic theater Thursday, Friday and Saturday of this week. Twenty thousand women, between the ages of 16 and 65, gave this picture its title, after a questionnaire had been sent to them by the producers of the masterpiece. It is said to be one of the most startling revolutionary love stories ever screened with the master hand of the great director showing in every scene. Is it possible for a woman to love a sentiment more than a man? The answer will be found in "The Unknown Love" starting at the Majestic tomorrow.

MAXY HOLDS THREE AND RELEASES TWO

Justice Binds Ralph Longdale, F. W. King and R. L. Stevens, Alleged Thieves Over For Trial.

Charged with the theft of an automobile in this city on April 9, Ralph Longdale, on the testimony of Robert Fouts held for trial on the charge before the juvenile court, was bound over for trial by the district court at the conclusion of his preliminary hearing Tuesday before Justice S. C. Maxey, setting for Justice H. J. Gray Longdale made bond of \$3,000 and was released pending his trial.

Fouts testified that he had met Longdale the day following the theft of a Chandler car from H. P. Craig, and that Longdale had told the witness that he had a Chandler car he wished to sell. Fouts denied knowing of the theft of the automobile, and admitted conniving with the local sheriff's office to procure the return of the car, with the understanding, he stated, that the thief should not be captured.

After hearing the testimony Justice Maxey stated that, in his mind, Fouts knew more of the details of the car theft than he had admitted, but that under the other testimony introduced, the court would be compelled to hold the defendant for trial.

King Held in Jail.

F. W. King and Robert L. Stevens, charged with the theft of an automobile from H. E. Wilcox on April 18, waived arraignment before Justice Maxey Tuesday afternoon and were held under bond of \$3,000 for trial by the district court. King was committed in default of bail and Stevens released on bond made immediately following the waiving of hearing.

The case of the state of Oklahoma against J. H. Winder, charged with assault with intent to kill upon the person of T. H. Simmons on the night of April 11, was dismissed by the court for want of prosecution. Simmons, a negro, the proprietor of a soft drink stand in Rosedale addition, alleged in his complaint against the defendant that Winder had shot him in the leg as the complainant was in the act of assisting the defendant in filling the radiator of the latter's automobile. Simmons also

claimed Winder entered the drink stand previous to the shooting and broke a number of dishes and glasses.

Lewis Is Cleared.

The charge of burglary against D. H. Lewis, accused of entering a home at 113 East Fifth street on

April 23 and attempting to steal a coat, was dismissed after a hearing before the court.

Justice Maxey decided that in light of the testimony Lewis was probably not the man whom J. W. Goumes and wife saw in the room at their home shortly before dark on the day in

question. Lewis testified that he was arrested on South Cincinnati avenue by the police about the time of the alleged burglary, and that he was held in the city jail four days for investigation before being taken to the county jail on the burglary charge.

Vacation Travel

The United States Railroad Administration

Removes all Restrictions

ONE year ago, under the pressure of war necessities, the public was requested to refrain from all unnecessary travel, and under the stress of war conditions, the public was necessarily subjected to a great deal of inconvenience when it did have to travel.

Now the war necessity is passed and it is the settled policy of the Railroad Administration to do everything reasonably within its power to facilitate passenger travel and to make it more attractive.

In furtherance of this policy, the Railroad Administration is entering upon a moderate program of advertising, to remind the people of the extraordinary opportunities for sight-seeing and for pleasure-seeking which our country affords—the National Parks, the seashores, the lakes, the mountains, the woods, and the many places of historic interest.

The vacation season is approaching, and the time is at hand to plan for a change of scene, for rest and recreation. It will be the effort of the Railroad Administration to aid in such planning and to make your travel arrangements convenient and satisfying.

The staff of the United States Railroad Administration will be glad to furnish illustrated booklets and provide necessary information as to fares, train service, etc. Such information may be obtained from the local Ticket Agent or the nearest Consolidated Ticket Office, or by addressing the Official Travel Information Bureau at 143 Liberty Street, New York; or 646 Transportation Building, Chicago; or 602 Healy Building, Atlanta, Georgia.

Every official and employee of the United States Railroad Administration is a public servant. Call on them freely.

THE POLICE FORCE OF THE BODY

DAY and night—without ceasing—a struggle is going on in your body between the germs of disease and the white blood corpuscles—the police force of the human body.

If this police force weakens, disease germs gain a foothold—sickness follows.

Constipation is the most common and dangerous way of corrupting the human police force. Food waste remains too long in the intestines—decays—poisons the blood—and opens the way for attack by the germs that cause tuberculosis, diphtheria, pneumonia and a multitude of other ills.

The culpable habit of using salts, pills, mineral waters, castor oil, etc., to force the bowels to move, makes this condition even worse, as constipation returns almost immediately.

Nujol is entirely different from drugs as it does not force or irritate the bowels.

Nujol prevents stagnation by softening the food waste and encouraging the intestinal muscles to act naturally, thus removing the cause of constipation and self-poisoning. It is absolutely harmless and pleasant.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

Get a bottle of Nujol from your druggist today and keep your police force on the job.

Warning. Nujol is sold in sealed bottles bearing the Nujol Trade Mark. All druggists. Insist on Nujol. You may suffer from substitutes.
